

Four Heritage Walks for Civic Day

"I care about where I live"

BROMLEY

CIVIC SOCIETY

Saturday 16th June 2018

9:30am Bromley Palace and Park

The 18th century Georgian home of the Bishops of Rochester was transformed in 1845 by Victorian entrepreneur Coles-Child. We will see the grand staircase, wood carved panels, an Adams fireplace and more; also historic landscape features in the adjoining park.

12:00pm Bromley's Green Spaces, Parks and Gardens

Discover Bromley's rich heritage of historic landscape features including the flowering Broom, from which the Town takes its name; a Tudor bee hive niche; and the town's oldest feature mentioned in the Domesday Book.

2:00pm Victorian Bromley (Arts and Crafts, HG Wells)

A walk around the old town of Bromley to get a flavour of its Victorian heyday, when many buildings in the Arts and Crafts style were built and the young Herbert George Wells was experiencing life that would later shape his novels.

4:00pm Pathways of the Past

A walk through the former field paths from long ago that still exist in the landscape of Bromley Town. Become lost in your imagination as you journey along these pathways from the past. You will be aMAZEd."

Each walk: 90 mins. FREE

**WALKS START AND FINISH IN THE GLADES
(North end upper level, near Boots)**
